FIRST FLOOR

We've packed a lot of features into a smaller package with the popular Fairview. Perfect for that vacation retreat or if you're downsizing, this also comes with an affordable price tag. Downstairs, it features the ever-popular open-concept great room with comfortable and attractive stone fireplace and awe-inspiring cathedral ceiling with exposed Douglas Fir timbers. Upstairs, you have the privacy of the master bedroom with its own private bath. The Fairview blends the built-in beauty of a log home with the functionality of a 3 bedroom home in a smaller footprint.

A full set of blueprints of this plan is available. Photo and floor plans may differ slightly from actual blueprints.
